Skagit Valley College Senior Waiver:

To qualify to participate in our Senior Waiver program, students must over 60 years of age and meet Washington State residency requirements. Students may take two state-supported classes per quarter using the senior waiver.

Classes are $5 each per quarter when using the waiver. Additionally, students are responsible to pay such fees as the campus general fee, technology, lab, and any other class or campus fees assigned to the course. Students do not receive academic credit for classes provided with the waiver.

Students may register for classes starting the first day of the quarter on a space available basis. Additionally, students may need instructor permission to enroll if the course has a prerequisite course that must be completed before registration.

Students may not register for classes that are full or ask to be waitlisted for a class and when using the senior waiver.

The tuition waiver is not available for community service, independent learning, internship, special projects courses, or for courses where the instructor may expect to receive additional pay or the college is paying special fees to support the class.
